LOVE OF FINERY LANDS WOMAN IN COUNTY BASTILE

Because Emagene Stanfield, formerly a cook at the Patterson ranch near Newark, had too much of a liking for old lace, bric-a-brac, fine linen, books and cut glass, she is serving a thirty-day sentence in the county jail.

Arrested last week on a charge of petty theft, Miss Stanfield appeared before Judge Allen Norris of Centerville on Thursday, pleaded guilty and was ordered by the court to pay a fine of $100 or serve a month in jail. She was unable to pay the fine.

A search of the woman's home in Oakland is alleged to have resulted in the recovery of a quantity of rose point lace, linen, cut glass, bedding and silver ware which had been stolen from the Patterson home.

AT ALVARADO THEATER

The Misses Lillian Perry, Leona Solon and Lucille Alves, piano pupils of Mrs. Clarence Crane, were heard in solos and duet numbers last Sunday at the Peterson theater in Alvarado.

Elwin Davis of Oakland visited over the week-end in Niles with James Cull.

Miss Dorothy Smith is attending a business college at San Jose.

PARENT-TEACHERS HELP BOY SCOUTS' CLUB HOUSE FUND

Reports Heard on Recent Activities of Local Association

Meeting under the direction of Mrs. Harvey Braun, president, the Niles Parent Teacher association this week on Tuesday transacted a large amount of business and laid tentative plans for the activities through the Christmas season.

The committee in charge of the annual chamber of commerce luncheon reported the affair a financial success, and those in charge of the turkey whist party, held October 31, stated it also was a success in every way. There were thirty-three tables.

The Niles Boy Scouts were given a donation of $5 for furnishings to their new clubhouse. The District Council was sent $3 for its food sale, a plant was sent to Mrs. Abrott at the Livermore sanitarium, and the association voted to send a gift to little Miss Jeanneatte Vieux who is at the Shriner's Hospital in San Francisco.

The children of the fifth and sixth grades entertained the members with songs and recitations and at the close of the meeting the mothers of the fifth grade served tea and cake.

E. D. Bristow, principal at the Niles grammar school and his family enjoyed the week-end holidays at the Bristow home in Mendocino county.

Niles Canyon Road Traffic May Be Resumed January 1

An indefinite promise to have the Niles Canyon highway open within the next thirty to sixty days was reported to the Sunol Chamber of Commerce at a special meeting Friday evening. This report was made by a committee appointed to investigate the delay in the completion of the repairs made necessary by the caving-in of the road last September when fire destroyed a portion of the Western Pacific's mile-long tunnel.

The committee composed of G. E. Rorabach, R. D. Baker, and C. C. Carr interviewed County Surveyor George Posey in Oakland before making its report. Mr. Posey told them that he had been after the railroad company to rush the repair wirk, and informed them that the railroad had promised the completion of the job, "not under thirty days, and within sixty days."

It was found by the committee that the gap in the road is larger than it was immediately after the fire. This was caused by landslides since the beginning of repair operations. After the fire the cave-in was about thirty feet across. At present it is more than eighty feet wide.

It had been suggested by the Chamber that a temporary bridge be placed across the gap, but it was held at the meeting Friday that the expense of this would be too great. It also was decided that the construction of a run-around through the creek bed would not be worth the expense and that the Sunol Chamber would rather have that money spent in having real repairs made to the present road.

The Western Pacific would not give a definite promise of completion time because of the uncertainty of the weather conditions at this time of the year. If the rains hold off another thirty days the railroad company is certain of having the highway open for travel. But if not, it will more than likely be spring before the work is completed.

The Sunol Chamber of Commerce decided to let the matters rest for the time being in their present status, but to have its special committee keep an eye on things, and if there appears to be any slip up on the promise they have received, to go ahead with the drastic moves planned at the regular November meeting.

NILES CAMPFIRE GIRLS WILL AID CHILDREN'S HOME

Things are booming around the Campfire headquarters in Niles.

The local group of young women is taking considerable interest in the Children's Home and this week the girls are spending their spare time making cup towels for the institution.

The girls are rehearsing for a play which is to be presented in December and are arranging for the annual Mother's party which will be given December 13, according to Mrs. J. E. Townsend, the guardian.

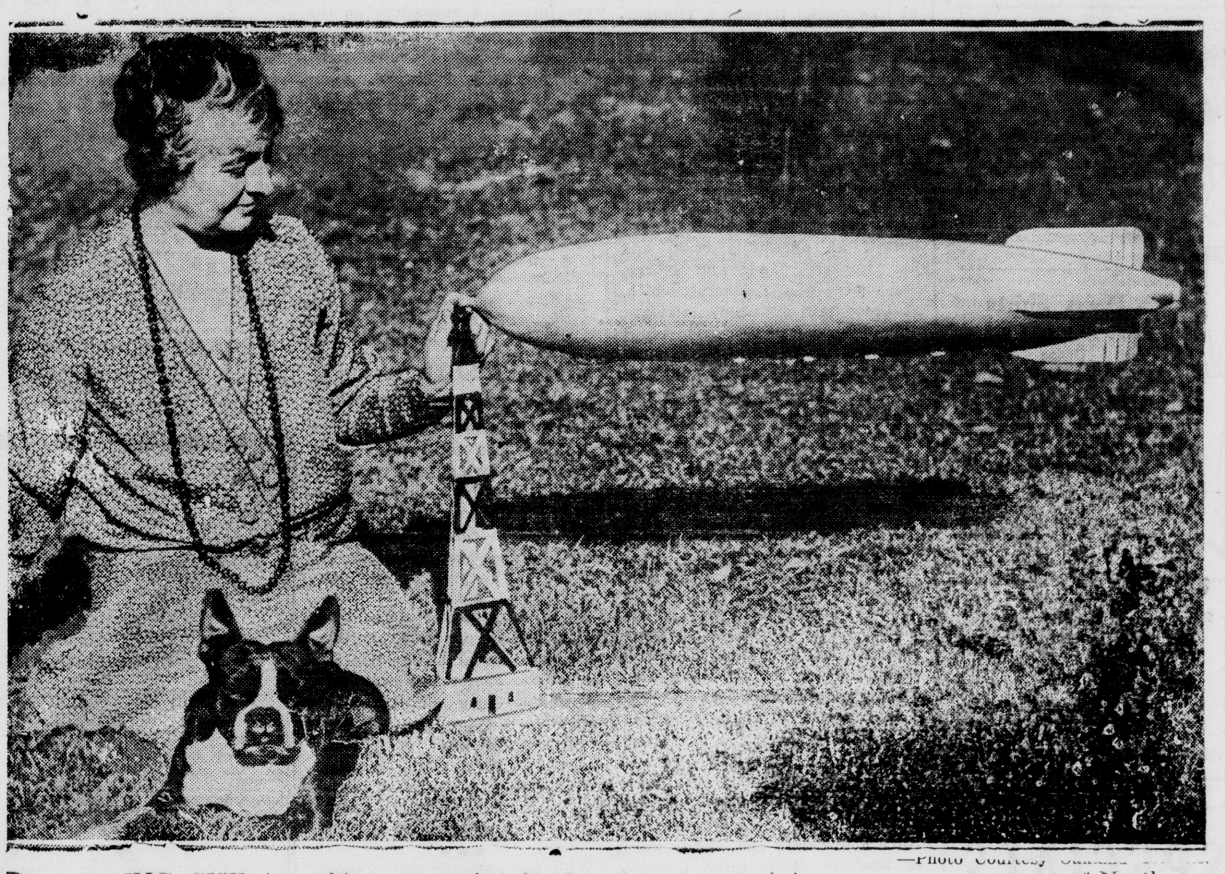
FIRST REAL BOOSTER FOR SUNNYVALE'S DIRIGIBLE SITE



—Photo Courtesy

DECLARING SHE is seeking no praise for her wonderful work in uniting practically all of Northern California into a booster unit for the establishing of a navy dirigible base at Sunnyvale, Mrs. James R. Whipple of Niles cannot escape the credit that is due her. The picture above shows her posed on her lawn with a miniature Zeppelin, a replica of one of the giant aircrafts which she hopes to see moored to the mast at Sunnyvale some day. Mrs. Whipple is not a flyer, but she has always been an ardent booster for aviation in all its branches.

PRETTY GIRLS BRING WOE TO TWO AUTOISTS

PRETTY GIRLS, a flock of them, dolled out in hiking togs — two automobiles — two drivers with eyes on the girls.

Add it up and the result is a collision.

It happened Monday afternoon on Main street, Niles. The girls were from San Leandro. Th y were on their way home from a week-end camping trip in Niles canyon. The automobilists were Albert Simmons, of Hayward, and Jack Stevens, of Warm Springs.

Damage to the cars was slight and neither driver was injured, but there was a lot of excitement—brought about by the girls who thought it was "great" to be so attractive as to cause an automobile crash.

Ho, hum—beats the dickens how the fickle eye of man refuses to mind its own business.

WORKMEN RUSHING CONSTRUCTION OF PEDESTRIAN PASS

Work on the pedestrian underpass at the north entrance to Niles is being rushed by the Southern Pacific company and the state highway commission in order to get it completed before the rainy season starts.

Due to the widening of the highway through the underpass, the present path must be removed. The new tunnel is to the east of the cement retaining wall and on a level with the highway. It will be eight feet in width, three feet wider than the present cement runway.

BURRINGTONS RETURN

Mr. and Mrs. Walter E. Burrington, nee Virginia Farrington, returned to Niles this week to visit with relatives and friends after an absence of several months. Their wedding last August came as a surprise to all who knew them. The young couple have made their home at Portola in the high Sierras where Burrington is employed. Mrs. Burrington is the daughter of Mr. and Mrs. E. J. Farrington of Niles.

NILES RESIDENT BIG BOOSTER FOR DIRIGIBLE BASE

Mrs. J. R. Whipple Deserves Great Credit for Her Civic Spirit

PROVING THAT a woman can be just as interested and work just as hard for the development of the region in which she lives as can a man, Mrs. James R. Whipple of Niles, leader in the fight to bring the United States dirigible base to Sunyvale, is continuing her vigorous work of cementing the whole of Northern California into one solid booster

Credit for originating the idea which resulted in the uniting of practically every civic organization in the San Francisco and Oakland metropolitan areas in an unselfish campaign for the benefit of the entire Pacific coast belongs to Mrs. Whipple.

If th navy department decides to establish its $5,000,000 dirigible base at Sunnyvale, it will be Mrs. Whipple of Niles to whom the lion's share of the credit will belong. It was Mrs. Whipple who first saw the possibility of an air base at the lower end of San Francisco bay. Her "dream" continued until she visualized a busy field which would serve as a base for dirigibles, seaplanes and airplans and serve to link Oakland, San Jose and San Francisco closer together. Then she set about to interest others in the project.

At first the idea met with but little encouragement but she was not dishearten d. She continued to believe in the possibilities of the site and one by one she induced state and county officials, heads of civic organizations and veteran aviators to visit the pro-

(Continued on page seven)

FINE FEATURE EACH WEEK IN THE REGISTER

Are you reading the "Looking Around" column, which appears every week in the Register?

You will find it worth while. Conducted by a veteran newspaper man and fictionist, the "Colyum" sparkles with homely philosophy, helpful criticism, beautiful poetry and subtle humor.

Make it a habit to read "Looking Around" each week. It will help you over the rough spots. It is written by one who has tasted life's bitterest and sweetest fruit. He knows of what he writes and writes straight from tthe heart.

Be a sunshiner with the Curious Pastor.

BRIDGE COMPANY GRANTED HIGHER TOLL FOR AUTOS

Probably figuring their bridge was too long for such a low toll. the San Francisco Bay Toll Bridge company this week raised its rates to all vehicles except trucks.

Sanction for the increase in rat s for automobiles and passengers on the seven-mile span from Mt. Eden to San Mateo was granted last Saturday by the Board of Supervisors of San Mateo county.

The new rates went into effect imm diately and provide for a charge of 60 cents for each automobile, instead of 45 cents, and 10 cents for each passenger, instead of 5 cents.

The rates for trucks are decr ased. Instead of 50 cents for three-ton trucks and a sliding scale above that weight, the new schedule calls for 25 cents for all trucks between one and six tons and 10 cents a ton above this limit.

This is the second change in rates on the San Mateo bridge since its opening last March.

See Register for Xmas cards.

ANNUAL FOOTBALL GAME WON AGAIN BY HAYWARD HIGH

Washington Union High is Unable to Shatter Strong Defense

Once again the "Big Game" of Southern Alameda county, the annual gridiron classic between Washington Union high school and Hayward high, has been won by the latter institution.

Playing before a crowd of more than 2000 deeply interested spectators, the rival elevens swayed up and down the striped field in vicious combat, with the balance of strength and speed resting with the Hayward boys.

Crushing assaults on the line gained more ground for the winners than the spectacular passing of the Washington pigskinners. Whenever the ball got into dangerous territory, the Hayward stalwarts succeeded in breaking up the passing offensive of Washington. The final score was 24 to 0.

A feature of the annual clash was the appearance of the Washington band. Led by John Kimber, musical instructor for the school, the young musicians went through a series of clever maneuvers between the halves and added pep to the rooting section during the game. This was the first public appearance for the Washington band since it secured its new uniforms.

The second string team of Washington went down to a 12-6 defeat at the hands of the Hayward rookies in the preliminary contest. This also was a hard fought game, with Washington first to score.

Tomorrow Washington plays Livermore there.

Mr. and Mrs. William Carey were among those present at the big turkey whist party held last Friday night by the Native Sons and Native Daughters at Centerville. They both won prizes.

The Register for job printing.

TWO PIONEERS OF TOWNSHIP CALLED BY GRIM REAPER

Mrs. Julia M. Gallegos and Thomas Costello are Laid To Rest

THE GRIM reaper lessened the dwindling list of Washington township pioneers by two during the past few days, striking at the Gallegos home in Mission San Jose and the Thomas Costello home in Niles.

First of the two pioneers to be called was Mrs. Julia Montelegre Gallegros, a beloved resident of the Mission. Death placed its cold fingers on her tired eyes on Monday, November 4. Her funeral took place on the following Wednesday, a requiem mass being sung for the repose of her soul at St. Joseph's Catholic church.

Mrs. Gallegos was the wife of Jean Gallegos and the mother of Mrs. A. J. Salazar, Mrs. H. A. Minton, Teresa Anita, Sophia and Robert Gallegos.

The other old-time residents of the township to reach the end of the Rainbow Trail was Thomas Costello. He died at his home in Niles last Friday at the age of 85. Funeral services were held on Monday, Armistice Day, at the family home and thence to Corpus Christi Catholic church. Interment was at St. Joseph's cemetery, Mission San Jose.

Costello was a native of Ireland. He came to California with the gold seekers in the early days and had made his home in Niles for the past thirty years. His widow, Mrs. Elizabeth Costello, is the only surviving relative.

Mrs. M. Rodrigues Dies At Her Home in Niles

Funeral services were held today in Niles for Mrs. Rose Rodrigues, pioneer resident of Niles, who passed away at her home on Second street Tuesday afternoon following a long illness.

Today's services were held at Corpus Christi Catholic church, where requiem mass was sung. Interment was at Centerville under the direction of F. F. Botelho.

Mrs. Rodrigues is survived by two daughters, Mrs. C. Guisto and Mary Rodrigues, and two sons, Frank Rodrigues and Joseph Rodrigues. Her husband died at the family home in Niles 13 years ago.

Mr. and Mrs. Rodrigues came to Niles about 40 years ago and their circle of friends touches in all corners of Washington township.

Alice Lucas is Bride Of San Francisco Man

Wedding bells rang recently for Miss Alice Lucas of Niles and Fred Sims of San Francisco. The ceremony was performed in St. Charles church, San Francisco, with a large number of Washington township friends of the bride present.

Miss Lucas is the daughter of Mr. and Mrs. Guy Lucas and is a graduate of the Highland hospital, Oakland. The honeymoon was spent in Half Moon Bay and the newlyweds are now at home to their friends in San Francisco.

ATTEND BUSINESS MEETING

Joe Blacow and Marceille Sullivan, proprietors of the Majestic store, Niles, attended a business meeting and banquet for bay district Majestic dealers on Tuesday night at the Hotel Oakland. Much business of importance to Majestic dealers was transacted, they report.

HARMONY MAKERS MEET AGAIN FOR BIG REHEARSAL

It won't be long now before Niles has a musical organization of which it can well be proud.

The jolly bunch of harmony makers, who, on October 19 loosened the shingles on the roof of the J. A. Geib home with their mighty blasts of horns, harmonicas, piccolos and what-not, met again last Saturday night under the same roof and pulled the shingles back in place with the most soothing music ever heard in Niles.

Even without their efficient leader, Henry McMahan, the music-makers went through rehearsal like smoke through a chimney, and when, at mid-night, they shoved their feet under Mrs. Geib's extension table, it was voted without a single "no" that great progress had been made.

J. A. Geib, genial host, took an active part in Saturday night's rehearsal, turning the pages of the music and oiling up instruments when necessary. Mrs. Geib proved herself an admirable cook, and her two sons, James and George, had charge of the dancing, which, at times was extremely intricate.

The music-makers were joined this time by Mrs. and Mrs. A. A. Vieux, Miss Mary Fields and Miss Geraldine Cowell. Regular members of the organization present were Earl Wood, George King and Charles R. Courter.

Niles Woman Thrilled Over Trip to England

Going back to England, his birthplace, isn't so much of a novelty anymore for Robert Fisher, father of Mrs. C. E. Martenstein, for he makes the trip every year or so, but when Mrs. Fisher boarded the boat to New York about five months ago and began a journey across the broad Atlantic she was truly thrilled, for it was the first trip "back home" for her in twenty-six years.

Mr. and Mrs. Fisher returned to Niles a few days ago. They were in England about three months. On the return trip they stopped at New York, several cities and towns in Pennsylvania, Detroit, Albuquerque and a number of towns in Southern California.

Hudson-Essex Sales Making New Records

With September production complete Hudson Motor Car Company has produced and sold more cars in the first nine months of 1929 than in the entire year of 1928, it is announced. Total for the nine months to October 1st is 284,382 Hudson, Essex and Dover cars, as against 282,207 in all of 1928.

This nine months' total is in excess of the company's largest previous production so that all Hudson, Essex and Dover cars manufactured from October 1st will add to a record breaking Hudson year.

Personal Items

Mrs. Rose Fournier was given a surprise party last Saturday at the home of Mrs. Lillian Burr. It was Mrs. Burr's birthday. Six friends were present to honor the event. Cards and a delicious dinner were the featuers.

Joseph and Billy Andrade were in Martinez on Sunday and Monday visiting their sister, Mrs. Louie Bartolomi.

Marino Iacopi and his mother were interested spectators at the St. Mary's-Santa Clara grid game on Sunday in San Francisco.

Last week the Pastor dedicated the Colyum to some old friends across the bay and other distant points. While doing so he neglected his campaign for Mayor of Niles, and, in consequence, he allowed another candidate to dip his oar in the political sea.

* * *

Bill Helm, manager of the Niles theater and originator of the election idea, declares he will run against the Pastor. All right, Bill, we accept your challenge. We warn you, however, you will have to go some to build up a better platform. That plank of ours about bringing back the water-trough and the hitch-rack sure tickled a lot of the old-timers.

* * *

With the non-progressive crowd with us, we can't see where you have a ghost of a chance, but go to it and we'll see what's what on election day, November 26. Somebody's got to be head man around town, and if the people think you're the man for the job, that's jake with us, but Lord help 'em.

* * *

Nancy Lee, one of the first readers of the Colyum to write the Pastor a letter, post-carded in this week to let us know she wasn't so hot about our plan to run for Mayor, but that she would vote for us providing we had the electroliers removed from the north end of Main street so there would be a uniform blanket of darkness from one end of the street to the other.

* * *

We are thinking over Nancy's request, but we hope she won't hold us to it. While we advocate no progress in our election platform, we can't bring ourselves to the point of doing away with what few public improvements the town has.

* * *

The Pastor offers a prize of a tapestry upholstered jug and a Venetian corkscrew to the merchant who is first to come through with a donation toward the band stand. The Register has started the list with $5.

Mrs. J. Ferry, Mrs. J. Knudsen and Marie Varoches were visitors in Oakland on Wednesday.

Miss Ione Cahill of San Bruno was a visitor in Niles on Armistice Day.

Mr. and Mrs. A. Juhl and Patty Bliss were among those present at the Army-Navy football game in Berkeley Monday.

Work on the new home of Mrs. Carrie Martin is said to be progressing rapidly. E. E. Dias is the contractor.

Mrs. A. C. Garcia was in Berkeley last Monday where she took in the Army-Navy football game.

Mrs. Guy Belsir and Mrs. Fuller Lyman of Oakland spent last week-end with friends at the Hotel Belvoir.

Mr. and Mrs. M. L. Fournier visited with friends Saturday, Sunday and Monday in San Francisco.

Mr. and Mrs. M. Sanchez of the Hotel Belvoir are the proud parents of a baby daughter, born on Tuesday at the Silva Maternity home. Mother and daughter are doing nicely.

FLAMES THREATEN PEPTONE HOME ON RAIDROAD AVENUE

Fire caused by a defective chimney threatened to destroy the home of Joseph Peptone at the corner of Railroad avenue and I street early Tuesday morning.

Awakened by heavy smoke and the crackling of the flames, Peptone notified the fire department and then battled the fire as best he could, succeeding in having it practically under control when the firemen arrived.

The flames ate their way between the walls of a partition and would have spread rapidly had not Peptone awakened when he did.

MAJESTIC RADIO DEALERS CLAIM SLOGAN IS TRUE

Declaring that two million radio set owners can't be wrong, Blacow and Sullivan, the only authorized Majestic dealers in Washington township, today make a public statement regarding the recent Majestic price drop and ancompetitors that the Majestic slogan, "You Can't Buy a Better Radio at Any Price," is misleading.

According to Blacow, a thorough investigation of the radio market has proven that the Majestic factory is producing 6500 sets a day. The plant employs 15,000 persons, working three shifts. More than 2,000,000 homes have installed Majestics in the past seventeen months, Blacow declares.

"You owe it to yourself to see and hear a Majestic before buying a radio," Blacow stated today. "The sets are so well made we are offering free service for one year, which is nine months longer than any other service period on radios."

Blacow and Sullivan are now established in an attractive store in Niles. This store is in charge of Anne Rose of Irvington and will be open daily from 1 to 8 p. m.

Mrs. Elizabeth Bogue of Whittier is visiting this week with Mrs. Emele Chittenden at the Hotel Belvoir.

Alhambra —Contracts awarded for construction of girls' gymnasium building to cost $85,000.

IRVINGTON MAN FACES TRIAL ON SERIOUS CHARGE

Robert E. Fry of Irvington is today facing a charge of manslaughter as the result of a fatal automobile accident near Milpitas last Friday night in which Mrs. Mary Machado, 34, and her daughter, Eleanor, 11, were instantly killed.

The accident is said to have occured when the Machado automobile stalled on the highway. Machado, husband of the dead woman remained at the wheel while his wife and Eleanor and two other daughters got out and pushed.

They thus covered up the rear light so that Fry could not see the car and he crashed into it. The mother and daughter died while being taken to a hospital.

Fry appeared before Justice of the Peace Chester Moore at San Jose and his bail was set at $50,000.

Ladies' Guild Plans For Bazaar-Luncheon

Elaborate preparations are being made by the Ladies' Guild of the Niles Congregational church for a bazaar and luncheon to be held at the church on November 22.

This is an annual event with the Guild and always draws liberal patronage from the citizens of the town. Mrs. Mary Dowd Riordan, well-known food demonstrator of Oakland, will prepare the luncheon.

The bazaar will include a food sale, candy booth, fancy work booth and many other attractive features.

PERSONAL NEWS

Next Tuesday night has been set as the time for a turkey whist party by St. Edward's Catholic Church, Newark. The affair will be held in the auditorium of the grammar school.

Mr. and Mrs. Ed Rose, of Irvington, attended the Army and Navy football game at Berkeley on Monday and that evening took in the performance at the Fox theater in San Francisco.

Laura Loma Parlor, Native Daughters, is making plans for a big night next Tuesday when Esther R. Sullivan, grand president of the lodge, will be a special guest of honor.

BALDWIN RANCH IS EXHIBITING FAMOUS HERD IN KANSAS CITY

Baldwin ranch's herd of Hereford cattle have been winning prizes at every stock show in which they have been entered, according to Wray R. Bergstrom, managr of the ranch. The Hereford herd of twelve are enroute now for the big show of the season, the American Royal Exhibit at Kansas City.

At the Salt Lake City show the Baldwin herd won four champion prizes; thirteen firsts and eight seconds. At Portland the herd was given eleven firsts, six seconds, a three thirds and a junior Herford championship.

In all around merit the Baldwin herd is said to be the best entered in the coast shows in recent years. Before entering the larger exhibits, the herd was shown at county fairs and at the state Golden Jubilee. They carried away the highest honors at each place.

BREAKS RIBS

Al Rickets, a jockey, suffered three fractured ribs recently when he was thrown from a horse in Pleasanton. The injury was extremely painful, although not serious.

Canyon Bootlegger Delivered Liquor In Milk Bottles

Niles canyon's "milk bottle" bootlegger is now behind bars in the Alameda county jail at Oakland, where he is to remain for the next 100 days in accordance with the sentence imposed upon him by Jacob Harder, justice of the peace at Hayward.

The convicted man is John Gabrielson, 53, and an employee of the Western Pacific Railroad, at its tunnel project in Niles canyon. He was convicted of possession of liquor and had the choice of paying a $50 fine or going to jail Gabrielson choose the latter.

Deputy sheriffs Hugo Radbruch of Pleasanton, and L. E. Van Patten of Livermore, made the arrest after posing as tunnel workers for a few days. According to the deputies, Gabrielson delivered his liquor at the tunnel in milk bottles.

It is said that the liquor was delivered to Gabrielson by a bona fide milk wagon driver. Search for the milkman has not been successful to date according to the officers.

Married Caseys Almost Take Ball Game From Bachelors

Nobody knows where the married fellows got all their pep, but they played the single men of the Knights of Columbus to a standstill for six innings last Sunday at Centerville, the score being 9 to 9 when the bachelors went to bat in their half of the seventh frame.

Then the fire of youth which is supposed to burn forever in the heart of an unmarried man, blazed up like ignited gasoline and the single fellows clouted in six runs. This outburst of enthusiasm seemed to dampen the spirits of the benedicts and they could not score again.

This game between the married and single members of the Washington Council, K. of C. marked the third contest of a five-game series. As the single fellows have taken all three games, there is nothing more to be done about it. The married men must pay for their fun with a dinner for the whole gang.

Frances, Brown and Vasconcellos formed the battery for the married men. Joe Duarte pitched for the single boys, with a number of the catchers taking turn behind the plate.

SONS, DAUGHTERS BIG CARD PARTY PROVES SUCCESS

It was the largest whist party held in Washington township in years.

That tells in a few words of the success of the annual charity whist held last Friday night in Centerville by the Native Sons and Native Daughters.

Parish hall was packed to the limit, there being 68 tabless all told. Many would-be players were denied the pleasure of the games because of the limited space.

A total of seventy-five prizes, including eight turkeys, went to the high-score holders, this large number of awards creating a spirit of keen competition among the players.

Mrs. Rose Peixotto was chairman of the Native Daughters' committee, and Judge Allen Norris was the "head man" for the Sons.

WATCH REPAIRER IN IRVINGTON IS BURGLAR VICTIM

Taking advantage of the owner's absence, a burglar broke into the home and watch repairing shop of L. Meyers, Irvington, sometime between eight and twelve o'clock Monday night and stole approximately seventeen watches with a total value of more than $500.

According to Meyers, the watches were the property of customers who had left them at his shop for repairs. Meyers believes he knows the identity of the thief, and operatives from the sheriff's office are working on clues furnished by the jeweler.

Many articles of high value were not touched by the burglar, it appearing to Meyer that the man wished only to take property that could not be replaced. Constable Tom Silva was called in on the case and later turned it over to the sheriff's office.

GRAMMAR SCHOOL STUDENTS PROUD OF THEIR PAPER

Printers and publishers are in the making at the Centerville grammar school. The young students are exhibiting this week a very attractive "Hallowe'en" edition of the school paper, which they call "The Oracle."

The cover page is done in crayons and is very artistic and attractive. The contents of the paper cover all phases of activity in and around the school. Instead of a group of students getting the paper out, every member of the student body had a share in the work.

Lack of Sleep Causes Driver to Roam About

"I was so sleepy I guess I fandered about a bit," L. N. Cassasa, produce merchant of Alameda, told Judge Allen Norris on Tuesday when asked by the court what he was doing to get arrested for reckless driving.

Cassasa stated he had not slept for a week on account of illness in his family. He was arrested by Traffic Officer Duffy Lewis on the Mission San Jose road. Judge Norris imposed the minimum fine of $25.

The Register for better printing.

OAKLAND YOUTH TALKS HIMSELF INTO $25 FINE

When Abe Coates of Oakland became hostile in the court of Judge Allen Norris, Centerville, because three friends were being accused of trespassing on a Newark duck club, the court became suspicious and further investigation revealed he too was guilty of the charge.

The friends of Coates were Earl J. Vargas, Paul Delaney and Frank Ambrose, all of Oakland. The charge against the trio was preferred by Frank Evans, caretaker of the duck club.

Because Coates talked too much in defense of his three friends, Mrs. Evans was brought into court and identified Coates as one of the youths who had invaded the preserve. He was fined $25 after pleading guilty as charged.

Mrs. Fred Lowrie Hurt When Car Crashes Fence

Said to have been thrown from her automobile when it left the highway and crashed into a fence, Mrs. Fred Lowrie, formerly of Centerville and now of Hayward, is suffering today from severe lacerations about the head and arms.

Mrs. Lowrie is said to have been driving near Irvington on Sunday night when something suddenly went wrong with her car. It is reported to have swerved sharply from the road and crashed into a board fence. Passing motorists took Mrs. Lowrie to Hayward. Her automobile is said to have been badly wrecked.

Agents Report Spurt In Chevrolet Sales

Chevrolet sales took a spurt during the last week of October, according to Leon Solon, manager of the Rose Garage.

"It was better than one a day during that week," Solon states. Deliveries were made to L. Machado of Mission San Jose, J. Kyono of Oakland, L. R. Berdick of Newark, Cyrus Williams of Oakland, M. Trager of Pleasanton, M. Sentero of Newark, Y. Kita of Irvington and Ray Bettencourt of Centerville.

TOWNSHIP COUNTRY CLUB IS HOLDING SALE, CARD PARTY

Clubwoman Of Oakland In Inspiring Talk Last Week

One of the most interesting meetings of the year was held last week by the Country Club of Washington township at its clubhouse in Centerville. With an exceptionally large audience on hand, Mrs. Bessie Wood Gustason, prominent clubwoman of Oakland, addressed the club on civic affairs and the duty of a woman's organization to its community.

Mrs. Vesta G. White of Tennyson offered several vocal selections, being accompanied at the piano by Mrs. Andrew Logan of Alvarado.

A cake sale and a card party was announced for Friday November 15. The proceeds, according to Mrs. Walter Robie, the president, will be used to defray the cost of remodeling the club's home here.

The December meeting of the club will be featured by the presentation of two one-act plays to be given by the dramatic section of the club under the direction of Mrs. Genevieve Wade Hatch of Berkeley.

TRUCK COMPANY GETS POINTERS ON TRAFFIC LAW

Violation of the traffic laws cost H. V. Tucker, trucking contractor, $45 last Thursday in the court of Judge Allen Norris.

Tucker is hauling gravel for the construction work on the state highway between Niles and Hayward. Drivers responsible for his fine were F. Griffith and W. Henderson.

The two drivers were charged with violations of the trailer regulations. The men were said to be towing a trailer more than 96 inches in width, interfering with traffic on the left side of the road and using two trucks to tow a trailer. The trailer was a piece of road machinery being brought from Sunol to Niles.

LOCAL NEWS

Louis Eggers was the guest of Mr. and Mrs. G. Mathiesen this week.

***

The dramatic section of the Country Club is working hard on two selections to be given at the December meeting. They are thought to be the most clever ever chosen. Everyone is invited to attend. The ways and means section is working hard on its card party for Friday afternoon.

***

Mrs. F. O. Bunting, Centrville correspondent for the Register, will leave November 16 for Los Angeles. Later Mrs. Bunting will go to Gerome, Arizona, where she will visit friends. She will be away from home about a month.

STAGE SET FOR COUNTRY CLUB'S BIG CARD PARTY

The stage is all set for the big card party to be held tomorrow night (Friday) by the Country Club at its clubhouse in Centerville.

The ladies in charge have worked hard to make this annual affair a success, gathering together an attractive list of prizes and preparing for delicious refreshments.

A feature of the party will be the sale of home-made cakes. Each member of the club is to bake a cake and bring it to the clubhouse sale. Reports are to the effect that all the club ladies are excellent cooks, so there should be a wonderful array of cakes on hand when the big sale starts.

Mrs. W. Attwood spent several days with her son in Hercules this week.

AGED MAN JAILED FOR KILLING DEER OUT OF SEASON

Because he needed food, Charles O. Mathison, 80, known about Pleasanton as the "deer slayer," shot a deer out of season. Because he has no money, the hunter is serving a fifty-day sentence in the county jail.

Mathison lives in a shack in the hills near Livermore. He has been known for more than a half a century as an expert deer hunter. He came to this section when he was nine years of age, travelling around the horn to reach California.

When arraigned in court, he stated that he shot the deer because he was in need food, and added that he never shot one when he didn't need it. The law was violated, however, and he was faced with a $250 fine or fifty days in jail.

ALMOND GROWERS OF CAL. BUY IN FOREIGN MARKET

Reports reaching the California Almond Growers Exchange from the Eastern trade indicate that commercial buyers in California have been taking a flyer in the imported almond market.

Several New York importers report that one of the leading almond buyers of California has brought a considerable volume of Tarragona almonds and is offering them for sale in the markets of the United States.

Commenting on this report, T. C. Tucker, manager of the California Almond Growers Exchange said: "I am not surprised that the Eastern almond trade is upset by a policy on the part of the commercial buyers here which must be rather bewildering to them. In the past local buyers have left foreign markets for Eastern importers while they have sought to buy as cheaply as possible in the local field so as to be able to compete with the foreign almonds produced at a low cost."

CALIFORNIA DAIRY COUNCIL TO MEET WITH DAIRY SHOW

All Sections of Industry Study Compensation Program

The annual meeting of California Dairy Council will be held in Oakland, November 21, during the Pacific Slope Dairy Show. Sam H. Greene, secretary of Council, said today that this will be the occasion for reports of progress toward securing for dairy farmers state and federal compensation for animals condemned and slaughtered in tuberculosis control areas.

Every division of the dairy industry — producer, manufacturer, and distributor—is represented in California Dairy Council and has been working to untangle a situation that contains many legal and economic snarls.

The California Legislature passed a compensation measure quite similar to laws already effective in every other state in the Union except Arkansas. The federal government indicated that it is ready to bear a share of the expense of a general program.

But the Attorney General of California has given the opinion that the California law may conflict with provisions of the State Constitution, and until the Courts decide this question, any dairy improvement program based on compensation for animals condemned and slaughtered, must wait.

"The dairy industry must now decide how the program of dairy improvement can best be speeded up during the period which must elapse before a court decision on compensation law can be obtained," said Greene.

EDUCATIONAL WEEK SUBJECT OF TALK AT NILES C. OF C.

Booster Boys Hold Quiet Session After Two Day Holiday

E. B. Hodges, principal of the Washington Union high school at Centerville,saved the day for the Niles chamber of commerce at its Tuesday luncheon meeting this week by giving an impromptu talk on American Education Week, which is being celebrated in all the schools of the nation.

Hodges stated that the best investment a nation may make is one in the cause of education. He declared Education Week draws attention to the service rendered, the advance in the cause, and emphasizes some particular phases of school work not commonly noticed by the average citizen.

The professor discussed with the commerce chamber members the relation of the school to citizenship, the home, health and community. He invited his listeners to become better informed of the work which the schools are doing.

President Harvey Braun was back at the head of the table this week. The matter of buying a Christmas film, which the makers claim is a stimulus to business, was sidetracked temporarily until another plan for boosting the local holiday trade can be investigated.

Lester Duffey brought up the Niles canyon road question, stating he thought the local chamber should do its share in getting the road open as soon as possible. President Braun asked for a delay on any drastic action, it being his contention that the Western Pacific would have its burned-out tunnel repaired by November 20, and that work would then start on the highway bridge. The chamber voted to invite George Posey, county surveyor to next week's meeting for the purpose of explaining the county's position in the matter.

Three visitors from Sunnyvale were present. The local attendance was less than a dozen.

CARD OF THANKS

I desire to express my heartfelt thanks to the many friends for their many acts of kindness, floral offerings and expressions of sympathy extended me in the hour of my sad bereavement.

WASHINGTON POST AMERICAN LEGION HAS ACTIVE WEEK

Washington Township Post, American Legion, observed Armistice Day in fitting manner. A banquet was held at the Florence cafe, Niles, Sunday night, and a grand ball was staged at the Garden of Allah on Monday night. Both were huge successes.

The grand ball, semi-military in nature, is given annually as a reminder of the great day of peace, after four years of war, which came eleven years ago. On a local scale, perhaps, the affair carried out something of the international significance of Armistice Day, now observed in Europe and America as a day of new beginnings, of peace and its blessings made possible through understanding and sympathy.

On Tuesday night the Legion installed the following officers: Dale Carithers, commander; Ray Peterson, 1st vice-commander; George L. Smith, 2nd vice-commander; Frank Veit, adjutant; Al Peacock, sergeant-at-arms; R. Bendel, chaplain, and James Costa, sentry.

PIANO RECITAL

A number of pupils of Mrs. Clarence Crane of Niles were presented last Saturday in a piano recital at the Crane home.

Prizes for the year's work were awarded to Lillian Perry and Ida Boitano. The attendance prize was awarded to Dale Carey of Decoto.

Among those taking part in the recital were the Misses Lucille Alves, Lillian Perry, Leona Solon, Olive Malfatti, Florence Martinelli, Dale Carey, Ida Boitano, Mary Pimentel, Gertrude Caley, Kathleen Cleary.

CARD OF THANKS

We wish to extend our heartfelt thanks to our many friends and relatives for their sympathy and kindness in our recent bereavement.

JOHN BERNARDO AND FAMILY.

Decoto.

NATURAL COLOR MOVIE DUE SOON ON NILES SCREEN

Every so often the motion picture industry at Hollywood turns out a really worth while picture. Last spring Warner Brothers made "On With the Show," the first natural color, talking, singing and dancing picture. This picture can safely be classed in the list of "worth while" productions of 1929.

With a cast of stars including Betty Compson, Joe Brown, Chester Conklin, Louis Fazenda and many others equally as well known, "On With the Show" fairly sparkles with class and color.

It is full of life, pep, snap gaiety and girls—and colors that make the rainbow pale into insignifance. It features seven new songs written especially for this colorful, romantic story of the trials, adventures, loves and humors of a stage musical comedy.

By all means see "On With the Show." It plays at the Niles theater next Sunday and Monday.

Stork is Visitor At Local Maternity Home

Ducks flying down from the north this season must have shooed a lot of storks ahead of them, for the long-legged bird has been extremely active in this district lately.

At the Silva Maternity home, Niles, two baby girls were dropped down the chimney during the last week. The happy mothers are Mrs. Edward King of Centerville and Mrs. M. Silva of Newark.

Both mothers and their offspring are reported to be getting along fine.

Mr. and Mrs. A. C. Garcia and daughter, Fern, attended the Santa Clara-St. Mary's Football game at Kezar stadium, San Francisco, last Sunday.

celebration of opening of new highway between here and Monterey peninsula.

BENEFIT SHOW TO BE GIVEN LAST WEEK IN MONTH

A benefit show will be given at the New Lincoln theater in Pleasanton, Friday, November 29, by the Native Daughters and Sons of Pleasanton, it was announced this week by officers of the organizations.

In addition to the regular motion picture scheduled for that evening a home talent vaudeville skit will be put on according to present plans. The exact nature of this stage offering has not been revealed.

The committee planning the affair is composed of: Edward Holsreiter, Ernest W. Schween, Frank Rogers, Mr. and Mrs. John S. Silva, John Busch, Mrs. Frank Peters, Mrs. Thomas Ziegenfuss, and Mrs. Walter Christiansen.

CUTS FUEL COSTS

Straight natural gas is being served to all customers living in San Mateo, Santa Clara and Southern Alameda counties.

This natural gas contains over 1100 B.T.U's. or heat units per cubic foot. The manufactured gas heretofore served contained 550 B.T.U's. Customers are now receiving 2 times as much heat for their dollar.

So why not take advantage of this new fuel for heating your home, as well as for cooking and water heating?

Gas-fired heating, in addition to its low cost, is convenient, care-free and a clean type of heating.

The new fuel itself, burning in modern appliances, is absolutely safe. Large industries are turning to natural gas because it is safe, clean, quick and easy to control.

Your dealer or our House Heating Department will gladly give you particulars, without obligation, on the type of gas-heating equipment best suited to your needs. Write, phone, or call our local office and a representative will respond.

Gas is cheaper—you can use more of It

SUNOL -- DEPARTMENT --

SEEK NIGHT SERVICE

Night telephone service for Sunol is being sought by the Chamber of Commerce. The village now has thirty-five telephone subscribers and the community feels that it should have service 24-hours a day instead of the twelve allotted them, from 8 a. m. to 8 p. m.

A committee composed of C. C. Carr, A. C. Day and G. E. Rorabach has been appointed to investigate the matter in regard to additional costs to the subscribers and the employment of a night operator.

Sunol is not out of communication after 8 p. m., however, as there is an outgoing line from a paystation, and incoming calls are handled by the Spring Valley Water Company. The Western Union has a 24-hour station here.

FOOTBALL PARTY

Numerous football fans journeyed from Sunol to Berkeley Monday for the Armistice game between the West Coast Army and Navy football teams. The Army downed the Navy 6 to 0.

Among those from here who formed parties at the game were Mr. and Mrs. J. H. Rankin and son; Mr. and Mrs. George Johnston; and Mr. and Mrs. R. Bollock.

SPELLING CONTEST

Students in the sixth, seventh, and eighth grades of the Sunol Grammar school are engaged in a spelling contest. The pupils have been divided into two teams, the Lions and Tigers. Each time a member misses a word, it counts one against them. At the close of the contest there will be a special award for the team with the lowest mark. The Lions are ahead this week.

Mrs. Ray Ginellia of Berkeley spent the week-end with her mother, Mrs. G. G. Bailey.

* * *

Mrs. T. Goold, teacher of the third, fourth and fifth grades in the grammar school, is confined to her home this week with a light touch of the flu.

ANNUAL DANCE PLANNED

The annual winter ball sponsored by the Sunol Chamber of Commerce is to be given the latter part of this month or early in December, according to the committee in charge. It has been suggested to the committee, which is composed of R. D. Baker, George Richards, Ray Bollock, Homer Clapp, and J. H. Rankin, that the dance this year be made an invitational affair.

No action has been taken on this suggestion, nor has the exact date been selected.

Conrad Westling is expected home this week from an extended vacation tour of Canada.

***

R. A. Baker and G. E. Rorabach were business visitors in Oakland Monday.

MORE ON NILES RESIDENT

(Continued from Page One)

posed base. One visit to the field usually was enough to win a booster. Senators and congressmen visiting in the bay district were taken to the site, some by Mrs. Whipple and others by the individuals and organizations she had enlisted.

The movement gradually gained momentum and the Sunnyvale site began to be considered as a serious rival to San Diego. The next move was the uniting of all organizations working for the dirigible base. By this time the movement had assumed such proportions as to bewilder its originator and she moved into the background.

And while Mrs. Whipple is still doing everything she can to boost the Sunnyvale site and keep the good work she started moving, she insists she remain in the background in the capacity of a loyal booster for the project.

HOUSE WARMING IS PLANNED WHEN NEW FIRE HOUSE OPENS

Pleasanton's fire department at its meeting Tuesday evening made arrangements for a public house warming at the new fire house upon its completion. The exact date for this affair was not to be fixed as it is not definitely known when the building will be ready for occupancy.

It is planned to purchase furniture for the fire house and to completely equip it in a becoming fashion. A committee composed of C. Letham, W. Graham, T. Silver and M. Rodriques was appointed to look after this matter.

It was decided by the department to hold its annual benefit dance Tuesday evening, December 31. Plan for the affair are being handled by the same committee which did such splendid work last year.

PLEASANTON MANS' MOTHER CRITICALLY HURT IN OAKLAND

Mrs. T. A Vervais, 78, mother of Contable Albert Vervais of Pleasanton, who was seriously injured by an automobile last week, is reported holding her own. She was struck down by a car driven by a Hayward man, as she attempted to cross the street near her home on Sahttuck avenue in Oakland.

AGED PLEASANTON WOMAN ANSWERS FINAL SUMMONS

Mrs. Anna Proctor Passes Away At Age Of Seventy

Death claimed Mrs. Anna Carr Harris Proctor, aged seventy years and twenty-three days, in the home of her neice, Mrs. Rutherford Sinclair, Monday, November 4, after she had made a gallant fight against the inroads of a complication of diseases and advanced age for many months.

Mrs. Proctor was a native of New England, having been born at Ipswich, Mass., October 9, 1859. She spent her girlhood in her native city. As a young woman she went to Concord, N. H., where she engaged in the millinary business.

She was married to Elton E. Proctor, November 4. 1891, just thirty-eight years to the day of her death. They resided in Concord for fifteen years, and then came to California. After spending a year here they returned to Ipswich in 1907 where they remained until Mr. Proctor's death six years ago.

Mrs. Proctor returned to Pleasanton after the death of her husband and has since made her home with her neice, Mrs. Rutherford Sinclair. She had been in failing health for months, but retained her cheerful disposition throughout it all, and always presented a smiling face to her many friends when they called upon her.

Mrs. Proctor was an active member of the Ascension Episcopal church in her home town of Ipswich, Mass. She also took an active part in the Women's Relief Corps. Since she returned to California the last time she acquired scores of lasting friends, who mourn her passing.

The last rites were paid Mrs. Proctor Wednesday afternoon in the home of Mrs. Sinclair. The bier was surmounted with beautiful floral offerings sent the bereaved family by her friends in Pleasanton. The services were in charge of Rev. R. C. Cross. Mrs. R. O. Moyer sang her favorite hymn, "Abide With Me," and "Lead Kindly Light."

The body was taken to Oakland where the remains were cremated. The ashes are to be send to Ipswich, Mass., where they will be buried in the family plot.

Camels are for knowing smokers!

It's just too bad if any smoker because of misinformation denies himself or herself the pleasure of CAMELS.

New smokers are not always in a position to have a real preference in cigarettes. But when they acquaint themselves with Camels they develop that sense of discrimination that leads to real smoking pleasure. Camels are made so carefully and of so good a blend of choicest cigarette tobaccos that even those with inexperienced smoking taste quickly recognize their superiority. They are for those who appreciate the taste of choice tobaccos, the fragrance of a perfect blend and the soothing mellowness of a really satisfying cigarette.

when they learn the difference they flock to **Camels**

A radio receiving set was donated this week to the Niles grammar school by Mr. and Mrs. Clarence Martenstein.

Mrs. Mary Courter of San Francisco visited her son, C. R. Courter, in Niles on Thursday.

Mr. and Mrs. Ed Vieux were in Portland this week on a combined business and pleasure trip. They are expected home tonight.

Miss Adelaide Martin visited for several days recently with her aunt Mrs. George Costa, at Newark.

Mr. and Mrs. H. E. Johnson visited last week-end with friends in Berkeley. The Johnsons make their home at the Hotel Belvoir, Niles.

Albert Falitte of Decoto has accepted a position with Ray Peterson, leading plumber of Niles.

Mrs. Rose Mezza and Miss Adelaide Martin are attending the night classes at the Washington Union high school, Centerville.

Andrew Sullivan, former resident of Niles, was in town this week visiting with old friends.

Niles Grammar School Nine Beaten by Newark

The baseball team at the Niles grammar sschool is having an up-and-down season, winning one game and losing another.

Last Thursday afternoon the young diamonders bowed to an 11-1 defeat at the hands of the Newark grammar school. The week before, Niles trimmed the Alvarado team, 8 to 5.

This afternoon the local tossers are playing Alvarado again to decide a three-game series. Several nationalities are represented on the Niles club, permitting it to be called an "all-nations" team.

What Will a Junior College Cost To Build and Maintain

Editor's Note:—This is the fourth of a series of articles on Junior Colleges which has been prepared under the supervision of a committee whose chairman is E W Burr ..Questions are invited and will be answered if addressed to "Junior College," care of this paper.)

We now come to that division of our subject which is of the utmost importance to those of us who will have to produce the money to pay for a junior college in Southern Alameda County. We have already discussed the questions of the demand for and the formation of such a college, and we have shown that there is a real demand and that the assessed valuation is ample. What will a junior college cost to build and later maintain?

In answering this question it is necessary first of all for the committee to outline its policy in order to lay a foundation on which to build. If the foundation be approved the superstructure can be easily raised. The main divisions, then of the committee's policy are three in number. First, to purchase a plot of ground sufficiently large to accommodate the buildings and grounds and to contain whatever agricultural and horticultural projects it may seem advisable to conduct. Second to construct a building which will accommodate the students of the district in that work which they need. Third, to employ an instructional staff which is abundantly able to produce that kind of service which will justify the expense.

The committee has visualized the situation as follows: The college grounds should include probably about thirty acres so situated that additional land could be purchased. A site of this size would allow for growth. The original plant will necessarily be small in order to keep down the initial expense, but the growth of the community caused both by the existence of the college and by the natural expansion of the Eastbay will in time call for additional buildings. The first building will have to house the entire college. It should be of class "C" construction (concrete walls and wooden floors), an asset to the community, but containing nothing not absolutely essential. The only other building which need be constructed at the outset is one which will serve for both a gymnasium and an auditorium. This building should also be of class "C" construction as anything cheaper would not be economical.

An estimate of the cost of these three items follows:

Site—Thirty acres at $1,500	$45,000
Main building—14 rooms at $5,000	70,000
Labatory equipment, 3 at $1,000	4,500
Furniture, 10 rooms at $750	7,500
Office equipment	1,000
Library equipment and books	5,000
Gymnasium-Auditorium building	40,000
Total	$173,000

It is of course understood that this estimate can only be approximate. The price for the land is probably slightly in advance of the amount which it would be necessary to pay, though the location will have something to do with it. The cost of $5,000 per room for the main building was given to the committee by Architect E. P. Whitman who has had considerable experience in school building. The estimates for furniture, equipment, and the library have been taken from the Siskiyou county survey

Building costs constitute but a part of the initial expense. The operating costs for the first year will be discussed next week.

MASTERPIECES OF MOVIE LAND ARE COMING TO NILES

The feature picture on tonight's bill is that well-known stage success, "The Lion and the Mouse." May McAvoy and Lionel Barrymore play the leading roles in this drama which runs the full list of human emotions. The usual program of short subjects will round out the bill.

On Saturday the Niles theater will present Hoot Gibson in a thrilling western drama called "Points West." This is a picture is that all-color, singing and young and old. "Racing Blood," a story of the race track, is also on the program.

The Sunday and Monday feature is that oll-color. singing and talking masterpiece, "On With the Show." Here is a motion picture that is in a class by itself and should not be missed. The bill will include a number of short talking features.

Two of the big features coming soon to the Niles theater are Fox Movitone Follies and "The Ghost Talks."

Albrae Farm is Setting For Delightful Luncheon

Albrae Farm, the home of Mrs. Harry Cushing, was the setting last Friday afternoon for a delightful luncheon given by Mrs. Cushing and Mrs. Edwin Hirsch honoring Mrs. Robert Fisher of Niles and Mrs. Chas. Lutz of Irvington on their return from abroad.

The room, tables and luncheon was carried out in the Hallowe'en colors. After luncheon while the guests were chatting, a very lovely surprise greeting and song, "Home Sweet Home," was broadcast over K. Q. W., San Jose, to the honored guests.

The afternoon was spent playing bridge, Mrs. Pond winning first prize and Mrs. Ben Tyson low. The honored guests were each presented with a guest prize.

Yuba City—Work of laying sidewalks in this place started upon completion of paving of streets and installation of gutters.

Paso Robles—Construction of gas line started in this city.
